3 Facts About Financial Aid

1 Information about financial aid is available for free. Don't pay for "secret sources" of money for school.

2 Some people promise to get you financial aid and want you to pay them before they do any work for you. But no one can guarantee financial aid or a scholarship.

3 Make sure you are on **fafsa.gov** before you enter personal information. Scammers use look-alike sites to get your information.
